

## **In His Image**

By Paul Brand M.D. & Philip Yancey

Zondervan Publishing House, Grand Rapids, MI (1984).

ISBN 0-310-355500-1

Study Guides offered by Ron Lively, M.Div., M.A.

In his two companion books, Fearfully and Wonderfully Made and In His Image, Dr. Brand places an emphasis on the individual human cells in our body and their varying roles within the body for the sake of the body as a whole. He then points to the Body of Christ (the Church) and makes thoughtful analogies. He writes of the connections and forces that unite and guide our human bodies (and the Body of Christ).
